

The District currently charges users of the Water System a monthly base rate (the “Water Base Rate”) based on the water meter size service each connection. The District also charges users of the Water System a usage rate per 1,000 gallons per month (the “Water Usage Rate”). The monthly water charge (“Monthly Water Charge”) for each connection consists of the Water Base Rate plus the Water Usage Rate for each connection. The District proposes to increase the Water Usage Rate and the Fire Line Charge August 1st, 2021 and July 1st 2022 through 2025. Monthly bills as shown
